

WISCONSIN
LUTHERAN COLLEGE

SUMMER 2026 WELS DISTRICT CONVENTION REPORT

NEWS FROM WISCONSIN LUTHERAN COLLEGE

- WLC now offers majors in actuarial science, business analytics, cybersecurity, data science, and nutritional sciences, along with a minor in AI literacy. In addition to 40+ undergraduate programs, the college has 15 dual-degree agreements in such fields as law, optometry, pharmacy, physical therapy, and public health. Learn more at wlc.edu/programs.
- WLC has adopted BoodleBox, a collaborative AI platform, equipping students, faculty, and staff with secure, equitable access to top-tier AI models within a collaborative environment designed for higher ed.
- In November 2025, WLC's senior psychology majors took the ETS Psychology Major Field Test and scored in the 98th percentile among 241 colleges and universities nationwide. This is the second year in a row that WLC seniors have scored in the 98th percentile or higher.
- The Warriors announced the addition of women's flag football as the college's 20th NCAA Division III sport. The team will begin competition in Spring 2028 at Raabe Stadium. The rapidly growing sport will make its Olympic debut at the 2028 Summer Olympics and is currently sanctioned at the high school level in 17 states.

In May 2026, Wisconsin Lutheran College awarded degrees to more than 180 undergraduate and graduate students from 16 states and three foreign countries. Our graduates represented 37 academic programs. Top majors for the Class of 2026 included Education, Sport and Exercise Science, Nursing, Sport Management, Marketing, and Biology.

With his youngest child graduating, President Daniel W. Johnson used his commencement address to reflect on his first 18 years of leadership at WLC. He shared the profound impact that the college's Christian community has had on his own family; he and his wife, Jana, have witnessed firsthand how the Holy Spirit works through our faculty and staff to equip students for lives of Christian leadership. Caitlin Johnson (pictured above with President Johnson) earned a Bachelor of Science in Nursing in May. She followed in the footsteps of her siblings Connor '21 and Cassidy '22 and their spouses, all of whom are Warriors alumni.

"TEACHING AND LEARNING WITH AI" A PROFESSIONAL DEVELOPMENT COURSE FOR TEACHERS

WLC is offering an online professional development course designed to give educators a clear, jargon-free foundation in generative AI. We'll explore how to use these tools responsibly to support your teaching and your students' learning. Through short, engaging modules, you'll learn how to streamline your daily workflows and design assignments that encourage critical thinking. We'll also tackle the big questions: how to protect student privacy, respect intellectual property, and uphold academic integrity. Whether you're looking to save time on lesson planning or teach your students how to use AI as a responsible learning partner, this course will give you the confidence and skills to navigate the AI landscape effectively. The cost is \$99, and the course opens on August 17. Learn more at wlc.news/course.

THE VALUE OF A CHRISTIAN COLLEGE EDUCATION AT WLC
WLC generously invests in making a Christian college experience affordable because we know the positive impact WLC graduates are making throughout the world.

PARTNERS IN CHRISTIAN EDUCATION SCHOLARSHIP

A \$2,000 renewable scholarship is given to new undergrad students who graduate from a Christian high school and enroll at WLC, to help them continue their Christian education in a liberal arts setting.

MERIT AWARDS

Merit Awards for qualifying freshmen range from \$13,000 to \$21,000 per year, for a lifetime value of \$52,000 to \$84,000. Learn more at wlc.edu/scholarships.

TAKE A TOUR

Visit wlc.edu/tour to watch an introductory video and take a virtual campus tour. To schedule a personal tour, students can sign up at wlc.edu/visit.

In May, Prof. Kristy Wegner, assistant professor of education, led a two-week trip in Malawi, Africa, accompanied by four students from the WLC School of Education. In collaboration with The Meros Center and Kingdom Workers, they are engaging in ethnographic data collection.

MAKING AN IMPACT

Grace Hennen, daughter of WLC alumni Jamie '96 and Katie (Lyon) Hennen '96, was named the college's 2026 Impact Award recipient, honored for her leadership and the difference she made throughout her four years as a student. Grace graduated summa cum laude in May with a Bachelor of Arts in Marketing and Management and a minor in Music; she also completed the Christian Leadership Certificate Program. Grace was selected as the commencement speaker by the graduating class. During her time at WLC, Grace worked in the Campus Ministry Office, helping plan chapel services and special events, including her favorite WLC tradition, the Service of Light (pictured below, left). She served for two years on Student Senate as the Spiritual Life and Community Outreach Representative, creating opportunities for students to grow in their faith and serve their community. She was a section leader for the Wisconsin Lutheran Choir and Chamber Choir and a piano accompanist for the choirs and for many talented classmates.

Grace said: "I'm grateful for the experiences and people who have shaped my time at WLC, and I'm excited to carry those lessons into the business community as I begin the next chapter of my career."

At Wisconsin Lutheran College, we prepare students for life's critical moments, making them ready to step into their unique purpose. Our nationally ranked Christian college experience provides a robust liberal arts education, offering a professional and meaningful advantage in today's workplace. We'll deliver an academic and faith experience that activates our students' potential.
